KYLE Anderson Cox

I am enrolled at The University of the West Indies, Cave Hill Campus pursuing a B.Sc. in Computer Science. My focus is on hardware and software design. I am fluent in many computing programming languages such as Java, C++, HTML/CSS. I am passionate about solving complex hardware and software integration challenges. I am a quick learner, a team player, and dedicated to delivering high-quality work and contributing to team success. Prior to pursuing my tertiary education in computer science, I had developed skills in maintaining and repairing computers. As a result, I was featured on CBC Evening News for building a gaming desktop computer which I currently use.

PROMGRAMMINAG SKILLS

- Python
- JavaScript
- Java
- MYSQL/SQL
- PHP
- HTML/CSS
- C/C++

OTHER HARD SKILLS

- Microsoft Office
- Web developer
- Computer, maintenance & repair
- Database administrator
- ServiceNow
- Patch Manager
- IT Support Specialist

SOFT SKILLS

- Professional, Ambitious, Hardworking; Punctual, Team player, Dedicated; Teachable, Respectful.

AWARDS

- *The Institute of UWI (Cave Hill) Co-operative Credit Union Ltd. Scholarship*
- *The David Lewis Science Grant*
- *CXC Performance Awardee 2020*

EXPERIENCE

Intern at Barbados Light & Power, June 12th 2023 - August 25th 2023
Service Desk & Cisco networking

- Provided IT support using ServiceNow
- Configured computers and network switches
- Created virtual layouts of server rooms using Patch Manager
- Set up employee workstations and conducted computer maintenance
- Computer Maintenance, & Repair

Barbados Light & Power, January 18th 2024 - March 8th 2024

- Upgraded phone systems with new Cisco phones
- Troubleshot and resolved phone system issues

EDUCATION

B.Sc. Computer Science , 2022 - Current

The University of the West Indies, Cave Hill Campus
Courses covered:

- Computing II (C++) - A+
- Maths for Computer Sci I - A
- Network 1 - A+
- Data Structures - A+

Associates Degree in Computer Science, 2020 - 2022
Barbados Community College
GPA: 3.72 - *(Distinction)*

CERTIFICATIONS

- ***Machine Learning*** – Stanford University (Jul 2025)
- ***Unsupervised Learning***, Recommenders & Reinforcement Learning – DeepLearning.AI (Jul 2025)
- ***Advanced Learning Algorithms*** – DeepLearning.AI (Jun 2025)
- ***Supervised Machine Learning***: Regression & Classification – Stanford University (Jun 2025)
- ***AWS Educate: Cloud 101*** – Amazon Web Services (Sep 2023)
